

# SYSTEM, METHODS, AND APPARATUS FOR FACILITATING PROVIDING A QUOTE

## Abstract of Disclosure

A method for facilitating providing a customer with a quote for a manufactured product includes receiving data relating to a customer desired product including at least one of a feature and a function, and receiving at least one indication of importance for at least one of the feature and the function. The method further includes accessing at least one database containing at least one of inventory control data, component data, and image data, and generating a first quote based on the received data, the received indication, and data stored in the accessed database.
